

LINE CARD

Temperature

Temperature

DwyerOmega offers a wide selection of state-of-the-art temperature measurement and control solutions. Our offerings are designed to meet the diverse needs of various industrial and commercial industries, ensuring precise and reliable temperature management for optimal operational efficiency and product quality.

Thermocouples

Thermocouple Probes

Thermocouple Wire Sensors

Thermocouple for Surface Measurement

Connectors, Panel Jacks & Terminal Blocks

Connectors for TCs & RTDs

Pins & Sockets

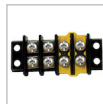

Jack Panels & Connectors

PCB Connectors

DIN Rail Connectors

Terminal Strips

Field Wireable Connectors

Averaging Sensors

RTD Averaging Sensors

Thermistor Averaging Sensor

Wire and Cable

Thermocouple Grade Wire & Cable

Thermocouple Extension Grade Wire & Cable

Mineral Insulated Cable

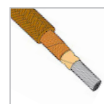

Wire Insulators & Sleeves

Copper Wire

Cables & Patch Cords

High Temperature Hookup Wire

RTDs

RTD Probes & Transmitters

RTD Wire Sensors

RTD Wire Elements

RTD Surface Sensors

Thermistors

Thermistors for Surface Measurement

Thermistor Probes

Thermistor Wire Sensors

Thermistor Elements

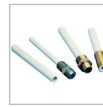

Thermowells, Protection Heads, Protection Tubes

Thermowells

Protection Heads

Protection Tubes

Non-Invasive Temperature Measurement

HANI for Pipes and Tanks

Handeld Infrared Sensors

Fixed Infrared Sensors

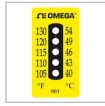

Thermal Imaging

Temperature Labels

Reversible Temperature Labels

Non-Reversible Temperature Labels

Temperature Lacquer

Fittings, Tools, and Accessories

Compression Fittings

Feedthroughs

Welders

Crimping Tools

Thermometers

Bimetal Thermometers

Vapor Actuated Thermometers

Solar Thermometers

Glass Thermometers

Other Temperature

Universal Input Transmitter

Fiber Optic Temperature Measurement

Cryogenic

Integrated Circuit

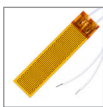

Temperature Meters

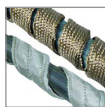

Temperature Switches

Industrial Heaters

Flexible Heaters

Rope & Tape Heaters

Air & Duct Heaters

Enclosures & Fan Heaters

Cartridge Heaters

Other heaters also available, such as Immersion heaters, circulation heaters, etc.
Visit us for the full offering.
